## OCCUPATIONAL HEALTH, SAFETY, ENVIRONMENTAL & QUALITY POLICY

Transportation & Services LEVITAS S.A.C. is engaged in providing two types of services to companies in Peru and abroad: TRANSPORTATION and PRINTING SERVICES.

Our Integrated Management System includes the management of health, safety, environment, and quality commitments through the following principles:

1. Continuous improvement of our processes and the effectiveness of the occupational health, safety, environmental, and quality management system.
2. Promote employee training and awareness to strengthen the culture of health, safety, environment, and quality within the organization.
3. Achieve total satisfaction for all clients through a commitment to high standards in the services we provide.
4. Eliminate hazards and reduce risks to occupational health and safety that could affect employee well-being by preventing incidents, accidents at work, and occupational illnesses.
5. Ensure health and safety protection for all members of the organization, whose bargaining, and other relevant requirements considered in terms of occupational health, safety, environmental, and quality.
7. Preserve and protect the environment by working responsibly, preventing contamination that may arise from the company's activities.
8. Sustainable resource use by mitigating and adapting to climate change, protecting biodiversity, and ecosystems.
9. Promote and ensure the participation and consultation of employees and their representatives in the company's Integrated Management System within the company.
10. Ensure that our occupational health, safety, environmental & quality management system is compatible with other management systems within the company.
